Practice Exercise: Build Your Own Image

Screenshots of Tasks:

- Directory:

● Index.js file

The screenshot shows the VS Code interface with the following details:

- Explorer View:** Shows the project structure with files: index.js, package.json, Dockerfile, and index.html.
- Code Editor:** Displays the content of index.js:

```
1 import express from 'express';
2 const app = express();
3 // function handler (request, response){
4 //   response.send("Hello World")
5 //
6 // app.get('/', handler)
7 app.use(express.static('public'))
8
9 app.listen(3000, () => {
10   console.log('Server running on http://localhost:3000');
11 });
12
```
- Terminal:** Shows command-line output:

```
C:\Users\HP\Downloads\OS Lab>netstat -an | findstr :3000
TCP    0.0.0.0:3000        0.0.0.0:          LISTENING      10548
TCP    [::]:3000           [::]:0            LISTENING      10548

C:\Users\HP\Downloads\OS Lab>taskkill /PID 10548 /F
SUCCESS: The process with PID 10548 has been terminated.

C:\Users\HP\Downloads\OS Lab>docker run -p 3000:3000 myapp
Server running on http://localhost:3000
```
- Status Bar:** Shows the current file is index.js, with 90 selected characters, 4 spaces, and 41m modified.

● Dockerfile

The screenshot shows the VS Code interface with the following details:

- Explorer View:** Shows the project structure with files: index.js, package.json, Dockerfile, and index.html.
- Code Editor:** Displays the content of Dockerfile:

```
1 # Base image
2 FROM node:alpine3.23
3
4 # Set working directory
5 WORKDIR /app
6
7 #Copy files
8 COPY index.js .
9 COPY package.json .
10 # copy the public folder with index.html
11 COPY public ./public
12
13 # install packages
14 RUN npm i
15 CMD ["node","index.js"]
```
- Terminal:** Shows command-line output:

```
C:\Users\HP\Downloads\OS Lab>taskkill /PID 10548 /F
SUCCESS: The process with PID 10548 has been terminated.

C:\Users\HP\Downloads\OS Lab>docker run -p 3000:3000 myapp
Server running on http://localhost:3000
```
- Status Bar:** Shows the current file is Dockerfile, with 24 selected characters, 4 spaces, and 41m modified.

● Package.json

The screenshot shows the VS Code interface with the following details:

- Explorer View:** Shows a folder named "OS LAB" containing "public", "Dockerfile", "index.js", "package-lock.json", and "package.json".
- Editor View:** Displays the content of the "package.json" file:

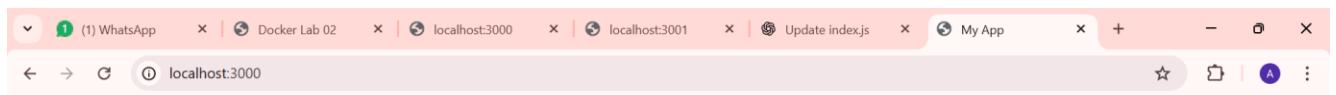

```
1  {
2    "name": "os-lab",
3    "version": "1.0.0",
4    "description": "",
5    "main": "index.js",
6    "keywords": [],
7    "author": "",
8    "license": "ISC",
9    "type": "module",
10   "dependencies": {
11     "express": "^5.2.1"
12   }
13 }
14 }
```

- Terminal View:** Shows command-line output:

```
C:\Users\HP\Downloads\OS Lab>taskkill /PID 10548 /F
SUCCESS: The process with PID 10548 has been terminated.

C:\Users\HP\Downloads\OS Lab>docker run -p 3000:3000 myapp
Server running on http://localhost:3000
```
- Bottom Status Bar:** Shows file counts (main: 5), system icons, and the date/time (12/19/2025).

● Output Screenshot

Hello World from index.html!

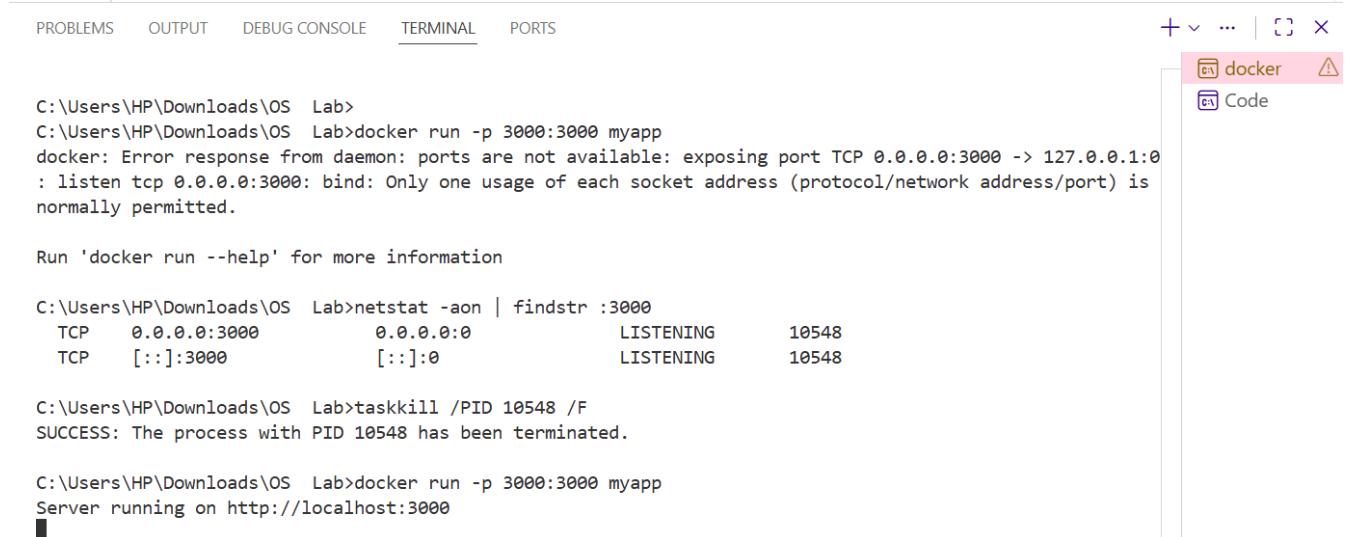

Your Express server is running and serving this page.

- Terminal Screenshot

Building image:

Running on the browser:

The screenshot shows the VS Code interface with the terminal tab selected. The terminal window displays the following command-line session:

```
C:\Users\HP\Downloads\OS Lab>docker run -p 3000:3000 myapp
docker: Error response from daemon: ports are not available: exposing port TCP 0.0.0.0:3000 -> 127.0.0.1:0
: listen tcp 0.0.0.0:3000: bind: Only one usage of each socket address (protocol/network address/port) is
normally permitted.

Run 'docker run --help' for more information

C:\Users\HP\Downloads\OS Lab>netstat -an | findstr :3000
TCP      0.0.0.0:3000          0.0.0.0:0              LISTENING      10548
TCP      [::]:3000            [::]:0                LISTENING      10548

C:\Users\HP\Downloads\OS Lab>taskkill /PID 10548 /F
SUCCESS: The process with PID 10548 has been terminated.

C:\Users\HP\Downloads\OS Lab>docker run -p 3000:3000 myapp
Server running on http://localhost:3000
```

In the top right corner, there is a status bar for the Docker extension. It shows a pink background with the text "docker" and a warning icon. Below it, a smaller bar says "Code".

● Index.html
